

FCI COMMUNITY HOUSING SERVICES COMPANY PROFILE

“Gearing for Sustainable Growth”

2025.

INTRODUCTION

FCI CHS is a Section 21 non-profit organization established in 2012 to develop and manage social housing around South Africa in areas battling with housing backlogs. Affordable residential property for low-medium income households, particularly disadvantaged members of the community who don't qualify for the government housing subsidy. This includes families with special needs such as the disabled, young adults with a regular income and single parent families.

FCI CHS was particularly established to become the vehicle to access housing subsidies for the development and management of social/rental and gap housing in South Africa with particular attention – Western Cape. FCI CHS is geared at providing the following services:

- Develop, own and manage affordable rental housing opportunities close to employment and transport nodes, social amenities and related public services for households earning between R3500 and R22 000.
- Provide rental housing accommodation for people who do not qualify for BNG subsidy and are unable to participate in the formal non-subsidised housing market.
- Provide property management and turn around services for low to medium density social or rental accommodation

Our company is driven by dynamic individuals who are energetic and very enthusiastic in what they do. These individuals have a wide range of experience and expertise in both the private and public sector.

National association of Social Housing Organisations (NASHO) - Affiliation

Mission & Vision

Our Vision

FCI Community Housing Services t/a (FCI CHS) seeks to become “a leading Social Housing Institution, developing and managing quality, affordable social/rental and gap housing on a sustainable basis”

Our Mission

Our mission is to “ build an organization that is capable of contributing towards the restructuring of South African Cities by providing well located, affordable housing accommodation and community services to the low to middle income earners that have been excluded from the formal housing market”

Values, Guiding principles & organisation culture

Our values are what we collectively believe in and guide our behavior.

Customer focus

We are focused on customer satisfaction

Professional

Professional integrity is the very essence of all that the FCI CHS is and how it approaches business.

Accountable

We are accountable to our clients, stakeholders and one another for our decisions and actions.

Innovative

We approach our work in a creative manner and find innovative solutions.

Quality

We give the best and unmatched results for all round satisfaction

Guiding principles

Our guiding principles help in form our decision making. FCI CHS has the following guiding principles to help indecision making on social housing;

- Delivering value for clients. To earn the continued loyalty of our customers by consistently demonstrating why we are the first choice for quality, service, value and innovation.
- FCI CHS strives to be efficient and cost effective in the delivery of housingservices to qualifying tenants (Sustainability).
- FCI CHS must at all times ensure that all the rental tariffs of rental stock underits management remains available to the target market as identified (Affordability).
- Honesty, principled; transparency and Accountability must under pin all operations and dealings, stakeholders, and communities (Integrity).Constant focus on performance and efficiency. To deliver the highest quality and performance, whilst relentlessly driving to be the lowest cost and most efficient provider.

Organisation culture

Our organisation culture is a key to achieving organisation excellence through shaping managers' and employees' behaviour. We therefore strive for a"healthy"organizational culture in order to increase productivity, growth and efficiency. The following are the characteristics of our organizational culture;

- Acceptance and appreciation for diversity
- Regard for and fair treatment of each employee as well as respect for eachemployee's contribution to the company
- Employee pride and enthusiasm for the organization and the work performed
- Equal opportunity for each employee to realize their full potential within the company
- Strong communication with all employees regarding policies and company issues
- Strong company leaders with a strong sense of direction and purpose
- Ability to compete in industry innovation and customer service, as well as price
- Investment in learning, training, and employee knowledge

GOALS

GOALS

- To promote state-wide partnerships that leverage public/private resources for the creation, preservation and/or redevelopment of social housing
- To increase lending and housing production in per-urban, rural and underserved markets
- To develop loan products, financing options and special programs not available through conventional lenders
- To supplement the technical and financial capacity of other appropriate non-profit organizations to provide for the multifamily and single-family housing needs of individuals and families of low to middle income
- To achieve and ensure the company's self-sufficiency

PROJECTS UNDERWAY

FCI Community Housing Services (FCI CHS) has secured the development rights awarded by PRASA (Passenger Rail Agency of South Africa) for the development of their land around Heideveld and Goodwood and Goodwood stations. This was guided by bringing people closer to the Transport Oriented node. As part of the proposal call, FCI CHS presented a concept development plan for each of the areas. The majority of the development opportunities related to mixed use and residential developments. RCG approval by SHRA for Heideveld and Goodwood was reached in December 2017.

Our housing development concept is to act as a SHI and hold the units for rental for a long period.

ORGANOGRAM

Socio-Economic Contribution

At DCI Community Housing Services, we believe we have the ability and plans to contribute towards government objectives to create jobs, alleviate poverty and provide for human settlement. While on the surface poverty is often defined as a lack of income or assets, in the day-to-day lives of the very poor, poverty becomes a network of disadvantages, each one exacerbating the others. The result is generation after generation of people in chronically poor communities lacking access to health care, adequate housing, good nutrition and education; vulnerable to a host of evils, and powerless to improve their circumstances. These conditions often carry with them dysfunctional family and societal relationships, paralyzing low self-esteem, and spiritual darkness. At FCI CHS, we understand that poor people in everywhere have skills and initiative that they want to use to lift their families out of poverty. Instead of a handout in the form of aid, many thousands of poor clients have received a hand up through training and small business

loans. Through our partnerships with various Trusts for Corporate Social Investment (CSI) listed below, FCI CHS has helped the very poor people to lift themselves, their families and their communities out of poverty by providing training programs, provide children's education including gifted underprivileged persons to realize their fullest potential through education in appropriate fields of study at tertiary level.

FCI CHS is contributing to the Socio-Economic by funding the trusts through Bursaries Community Projects listed below:

- Nonduna – Vasi Trust:
- The North-West Coast Development Trust:

FUTURE SOCIAL HOUSING OPPORTUNITIES

FCI Community Housing Services has signed a SH Conditional-Partnership agreement in October 2019 with the City of Cape Town as part of its urban development and human settlement responsibilities and to set up SHRA conditionally accredited Social Housing Institutions (SHI's) to facilitate the development and undertake the management of Social housing stock. Furthermore, FCI CHS has also concluded a partnership agreement with the Western Cape Department of Human Settlement for the operation of the Western Cape Social Housing Steering Committee (PSC).
